Dear Suzanne

Motorsport Industry Association support for IMI Awards Ltd (IMIAL) submission of Technical qualifications for inclusion in the Key Stage 5 performance tables

This letter provides employer and professional support for the submissions by IMI Awards Ltd to the Department for Education (DFE) for the following qualifications, for inclusion in the Key Stage 5 school and college performance tables.

QAN If available	Qualification Title	Technical Certificate or Tech Level
	IMIAL Level 2 Diploma in Motorsport Maintenance	Technical Certificate
	IMIAL Level 3 Extended Diploma in Motorsport Maintenance	Tech Level

The Motorsport Industry Association believes the content of these qualifications deliver the core specialist knowledge and skills required by the motorsport industry sector, and thereby support the needs of employers within the industry by creating the basis of high quality, skilled work force.

These qualifications will provide students, aged 16 years plus, with an advantage when applying for related jobs, apprenticeships, and other further or higher level qualifications related to the motorsport industry sector. In the view of the Motorsport Industry Association, I confirm that there is a definite need for these qualifications to be made available on the Key Stage 5 performance tables, and so to allow learners, interested in a career in the motorsport sector, to develop, progress and in the future, secure a job role.

Yours sincerely

Chris Aylett
CEO – Motorsport Industry Association
